Madam/ Sir

CIET-NCERT would like to inform that the submission date of the eRaksha 2021 Competition has been extended to 22nd August 2021 in response to the request by the schools. Please share this updated information with your schools to enable them to take advantage of additional time and participating in large numbers. Sharing the details of eRaksha Competition 2021 once again:

CIET-NCERT in collaboration with Cyber Peace Foundation have been spreading awareness amongst children & young adults on the need to be safe, smart and resilient in the cyber space through the 'eRaksha Competition'. The past two editions of the eRaksha Competition in 2019 and 2020 have seen participation of thousands of students from schools and colleges across India, encouraging them to use the potential of Internet as smart and responsible digital citizens.

In May 2021, the much awaited, and one of the largest competition – the eRaksha Competition 2021, has been launched. The theme of eRaksha 2021 is:

My Idea of a Safe and Peaceful Cyber Space'

'मेरी सोच...सुरक्षित और शांतिपूर्ण ऑनलाइन दुनिया'

Objectives of the Competition

- To provide a creative and important outlet to the children and young adults, to reflect and share about being safe and responsible on the Internet
- To inculcate the concept of Digital Citizenship and Online Safety especially when students are spending much of their time in the Digital Space for learning and social activities
- To involve the young minds and give them platform to voice their ideas and suggestions

We invite students from class 6th upwards, teachers across all classes and also parents/caregivers to participate in the contest which is free of cost. The participants need to share their original ideas, suggestions and safety precautions in the form of poster, painting, video, essay, blog or any prototype of software application, aligning with the theme of the competition. Entries can be submitted in Hindi or English. Best entries will be awarded prizes and certificates. Winners will also be given the title of 'Cyber Peace Ambassadors'
