हर बुराई से बचके रहें हम,

जितनी भी दे भली ज़िन्दगी दे ।

बैर हो ना किसी का किसी से,

भावना मन में बदले की हो ना ॥

हम ना सोचें हमें क्या मिला है,

हम ये सोचें किया क्या है अर्पण ।

सबका जीवन ही बन जाये मधुबन ।

अपनी करुणा का जल तू बहा के,

कर दे पावन हर एक मन का कोना ॥

- **Holistic Progress Card (HPC)** : In alignment with the recommendations of the National Education Policy (NEP) 2020, Atomic Energy Education Society (AEES) has implemented the Holistic Progress Card (HPC) from the academic session 2024–25 for students from Balvatika to Class V. The HPC, adapted from the CBSE prototype based on the framework developed by PARAKH, is a comprehensive, multi-page progress report that reflects the overall development of every child. Moving beyond traditional marks and grades, it provides a 360-degree, multidimensional assessment of a learner's growth in the cognitive, affective, socio-emotional and psychomotor domains. The HPC evaluates scholastic achievement along with co-scholastic areas such as art, sports, creativity, communication, collaboration, critical thinking, problem-solving, values, behaviour and life skills. It also encourages self-reflection by students and constructive feedback from teachers and parents, fostering a strong home-school partnership. By recognising each child's unique strengths, interests and learning needs, the Holistic Progress Card promotes continuous growth, joyful learning and the holistic development of every learner.
- **Assessment System – Balvatika, Class I & II** : AEES follows a Continuous and Comprehensive Assessment system for students of Balvatika, Class I and Class II in accordance with NEP 2020. There are no formal terminal examinations at the Foundational Stage. Instead, students are assessed continuously through classroom observations, play-based activities, projects, worksheets, portfolios and Cycle Tests. Assessment focuses on the holistic development of each child, including language, numeracy, cognitive, socio-emotional, physical and creative skills. Progress is shared with parents through the Holistic Progress Card (HPC), providing a comprehensive picture of the child's overall growth.

Dear Children!

If you feel uneasy about someone touching you inappropriately, you should not keep quiet. You must

1. Not blame yourself
2. Tell someone whom you trust
3. You can also inform National Commission for Protection of Child Rights through the **POCSO e-box**.

**When you get an unsafe touch, you may feel bad, confused and helpless
You need not feel "bad" because it's not your fault**

(1) Pure Appl. Chem. 81, No. 11, 2131-2156(2009) Relative atomic masses are expressed with five significant figures. For elements that have no stable nuclides, the value enclosed in brackets indicates the mass number of the longest-lived isotope of the element. However three such elements (Th, Pa and U) do have a characteristic terrestrial isotopic composition, and for these an atomic weight is tabulated.
